To Whom It May Concern:

Please accept this enthusiastic recommendation on behalf of Rosemarie Rossetti as a motivational speaker extraordinaire!

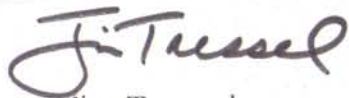

Rosemarie addressed The Ohio State University Football Family of some 125 players and coaches, and had us spell-bound for sixty minutes. Her message, "Just Like Riding a Bike", was tremendous. She tailored her presentation to our audience with extensive research and conveyed the message of handling adversity as well as I have ever heard!

Rosemarie has an inclusive style delivered with force and grace. Our young people were on the edges of their seats the entire time. It will be an evening we will never forget, and one that truly affected lives.

I would recommend Rosemarie to any group and promise that she will make a difference to every person in the audience!

Rosemarie Rossetti is special!

Sincerely,

Jim Tressel
Head Football Coach
